

Manas Sebastian

Stoke-On-Trent | +44 7769530509 | manassebastian007@gmail.com | [LinkedIn](#) | [Github](#)

Summary

- Data Scientist with expertise in predictive modeling and data analysis, delivering actionable insights to drive business value
- Strong foundation in statistical modeling, machine learning, and data engineering, with experience in Python, SQL, and cloud-based data pipelines.
- Passionate about applying data science methodologies to solve real-world problems and committed to ethical data practices

I have the right to work in the UK

Skills

Programming: Python (Pandas, NumPy, Scikit-learn, NLTK, VADER), Advanced SQL, R

Machine Learning: Regression, Classification, Clustering, Time Series Analysis, NLP, Predictive Modeling

Data Analysis: Statistical Analysis, Hypothesis Testing, Experimental Design,

Tools: Power BI, Jupyter Notebooks, VS Code

Cloud & Agile: AWS, Agile Methodologies, Workflow Automation

Soft Skills: Stakeholder Collaboration, Communication, Data-Driven Decision Making

Experience

KultureHire | Data Analyst Intern | India

Oct 2022 - Jun 2023

- Optimized SQL queries and built Python scripts to analyze trainee engagement data, improving efficiency and enabling data-driven curriculum updates.
- Collaborated with engineers to deploy a predictive model for trainee success rates, enhancing platform scalability and contributing to measurable improvements.
- Utilized Git for version control in Agile workflows, ensuring seamless collaboration across cross-functional teams

Projects

Dynamic Pricing Prediction for Ride-Sharing using Predictive Modeling

[Link](#)

- Built a predictive pricing model for a ride-sharing platform using Python, achieving an R^2 score of 0.875 and reducing RMSE through iterative feature selection, scaling, and regularization.
- Applied statistical methods, tree-based models, and mutual information analysis to uncover feature importance, leading to significant performance gains with a simplified 6-feature model.

Certifications

- AWS Certified Machine Learning Engineer - Associate (MLA-C01)
- Microsoft Certified: Data Analyst Associate (PL-300)
- SQL for Data Science (University of California, Davis)
- SQL - MySQL for Data Analytics and Business Intelligence:

Education

Msc. Business Analytics & Decision Sciences | University of Leeds

2023-2024

Major: Business Analytics, Machine Learning & Statistics | Minor: Forecasting & Consulting

BEng in Mechanical Engineering | SRM Institute of Science and Technology

2019-2023
